

overview

Simplicity, Flexibility and Choice is yours when you use our equity trading services.

Stocks are an important component of an investment portfolio. Sagicor Investment will manage all of your trading needs by executing all stock purchases and sales. We offer investors the opportunity of purchasing stocks on both the local and overseas stock exchanges. Investing in the equities can provide an investor with added diversity to their portfolio.

When investing in a company stock, you should consider the following:

- The potential for superior returns over the medium to long term.
- Its tax free. Capital gains and dividends are not subjected to tax.
- Allows any individual over 18 years to purchase stocks listed on the Jamaica Stock Exchange.
- Starts with a minimum purchase of 100 units
- Are subject to fees.*

INVESTOR GUIDE**

[LEARN MORE](#)

The image is a promotional graphic for Sagicor Investments. It features the Sagicor Investments logo in the top right corner. The central text, 'STOCKBROKERAGE INVESTOR GUIDE', is displayed in a large, bold, white font within a blue-bordered box. Below this, a 'LEARN MORE' button is visible. The background is a collage of financial-related images, including a calculator, a bar chart, a globe, and various data points and percentages like 'Electronic commerce 6,73%' and 'Utilities 7,7%'.

benefits
