In today's world, we strive daily to balance our family and work lives while constantly seeking products and services that support these efforts, allowing us to focus on that which is the most important family. Getting insurance for you and your loved ones has just been made that much easier with the introduction of Sagicor eLife, an online platform that safely and conveniently allows new and current clients to view and select a life insurance plan that meets their needs. Convenient insurance also requires convenient service delivery and Sagicor eConnect checks all the boxes for an easy to use, accessible platform to suit the needs of all clients. Together, both services are geared towards an enhanced digital client experience designed to suit today's on-the-go lifestyle while maximizing time efficiently.

Sagicor's eLife is aimed at better serving our clients via an electronic platform that allows clients to easily access a wide range of services including; requesting quotes, choosing coverages and making payments online, all at your own convenience. In fact, you and your family can get the protection you need, with coverage available for persons aged 0 - 80 years, in less than 24 hours! Clients are able to complete the application process online without any need to physically meet with an advisor or fill out any paperwork. This means you can apply for life insurance anytime, day or night as Sagicor seeks to take the hassle out of purchasing life insurance,

Our fully secure online platform can be used to get a quotation, as well as complete and submit your application which will be reviewed in as little as 24 hours. Once approved, you will have access to a wide range of products, from critical illness coverage, life insurance, accident and hospital benefits to investments. These include:

Sagi-Gold Accumulator	Cancer Plus	Purple Shield
Triple Protector Plus	Maximum Protector	Life Protector
Critical illness Protector	Guaranteed Investor JA	Equality Multiplier
Sagicor Premium Saver	Sagicor Lifestyle	

Once you have secured the insurance or investment plan that is right for you, Sagicor eConnect is ready to take your digital client experience to a whole new level. It allows clients to meet with Sagicor Life's client service representatives from the comfort of their home, or anywhere, via a video platform. This means you are able to schedule your meetings with us at a time that is most convenient to you. The main objective of the platform is to eliminate and or reduce the need for clients to travel to our offices or wait to access services that can be done with ease online. With these two latest innovations, Sagicor continues to provide great added value for its clients. We remain firm in our commitment to provide solutions that make our clients' experience easy, simple, and more convenient ways of doing business with us. So whether you are planning for your future with short or long term investments and insurance coverage, our service-oriented solutions are at your fingertips. With just a few short clicks at www.sagicor.com, and minimal to no medical questions, you can have the financial security you need in less than 24 hours. Why wait, start planning with us today!
