

Sagicor Life (Eastern Caribbean) Inc

Sagicor Life (Eastern Caribbean) Inc is the most recent entity to be incorporated into the Sagicor family. Backed by the strength of the Sagicor brand and its history, Sagicor Life (Eastern Caribbean) Inc delivers to its customers in our Eastern Caribbean markets the same values and principles for which Sagicor is known but with the qualities that embody the magic of this chain of islands.

Sagicor started operating in many of the Eastern Caribbean markets between 1840 and 1868, which demonstrates a strong and extensive association between the company and the countries. With the acquisition of Life of Barbados in 2002, the Group strengthened its operations in several countries in the Eastern Caribbean and is now the leading insurance company in many of these countries.

In 2014 the company began the process towards the creation of a subsidiary to support these markets to respond to changes in the financial laws within the Organization of Eastern Caribbean States – Eastern Caribbean Currency Union, which governs financial laws for this region. Incorporating Sagicor Life Eastern Caribbean also ensured that the Group is always efficiently structured to respond to the needs of all its stakeholders. The new company was launched in 2015.

As part of the Sagicor Family, Sagicor Life (Eastern Caribbean) Inc benefits from the financial strength and security of the Group and from the legacy of trust built for more than 178 years.

Services in these markets include:

- Life insurance
- Health Insurance
- Critical Illness
- Retirement Planning
- Employee Benefits
- General Insurance
- Residential and Commercial mortgages
