## The Ellis' Story

November 26, 2018

It's easy to see how passions can be transferred through generations, and at times as we watched Shane and his son Noah play, the obvious glee in their eyes gave us an honest moment with the Ellis family.

Shane and his wife Derniea know how to make the most of every moment. They love taking three-year-old Noah on beautiful drives along St Lucia's coast, and then there's playtime with the toys. Little Noah is especially fond of sports cars. Like father, like son.

For the Ellis', planning for retirement is another way of making life's collective moments count. Derniea's parents had policies with Sagikor, so she followed suit, and secured her own family's future. "Being comfortable at retirement is important to us," says Derniea. "Having access to policies that cover 'unpredictables', and provide for us when we retire makes this easier to achieve."
